# THE GARAJ ADVANTAGE

## Simplified Billing

Transparent, simplified billing with an option to get prices in PKR for your convenience.

## 24/7 Local Support

Our Business Consultants will handhold during whole lifecycle by sharing best practices & guidance along with our local Cloud Engineers who will help you in setting up your Virtual Data Center and after Sales Support.

## Simplified Management

With the latest VMware Cloud Director & Jazz Self Service Portal take full control of your cloud journey and post sales operation through easy self management Web Portal.

## Managed Services Partner

We take care of your Cloud Environment so that you can focus on your core business.

## Onshore Data Residency

Data is hosted locally within Pakistan to avoid the pitfalls associated of latency and compliance with offshore Data Centers.

## Low Latency

Process high volume of data with minimal delay.
